

Company Description

PT. Indocyber Global Technology is a truly Integrated Information and Technology System dedicated to delivering highly effective solutions in the use of Information System.

Our core business is focusing in Information Technology development, out-sourcing development, production and wholesalers of branded personal Computer (PC's) and mid range computer such as IBM, HP and SUN

Started in the year 2001, PT. Indocyber Global Technology started as an IT Company which specialized in retail and multi finance sector. And in time, PT. Indocyber Global Technology has gained acknowledgement from HP (as premier business partner) and Oracle (OPN).

Since 2003, PT. Indocyber Global Technology has become the sole distributor for Magic products in Indonesia. With experience in development, implementation and re-engineering, we learn new values together with our clients.

PT. Indocyber Global Technology started with only 10 personnel, but now, after years of experience, we have more than 180 engineers. In 2010 , we have partnered with RIM as "Alliance Elite Member".

We believe that IT business is our way of reaching our mission: "To become one of the best IT Company in Indonesia with integrity Skill, Attitude and Discipline."
